

SIXTH ANNUAL

Lemon Face
Gala

SATURDAY, MARCH 23
DOORS OPEN AT 6PM

FORT WHITING ARMORY
MOBILE, ALABAMA

AUBREIGH'S
ARMY 
FOUNDATION 328

Dear Friends,

Can you believe we are finalizing the details for our Sixth Annual Lemon Face Gala?!

Whether you've been with us from the beginning or you've recently found us, it's our pleasure to invite you to join us on Saturday, March 23, 2024, at Fort Whiting Armory for a lovely evening, complete with dinner, dancing, live music, and a silent auction - all benefitting families battling childhood cancer and pediatric brain tumor research.

Brain tumors are the leading cause of cancer deaths for children under the age of 19 years and Diffuse Intrinsic Pontine Glioma (DIPG) is the most fatal tumor diagnosed with nearly a zero percent rate of survival. In the United States, approximately 300 children between the ages of 4-11 years are diagnosed with DIPG annually. Though treatment plans and survival rates for childhood cancer have improved drastically over the last few decades, DIPG has maintained the same dismal prognosis.

Aubreigh's Army Foundation 328 is named after our daughter, Aubreigh Selene Nicholas, who was diagnosed with DIPG at ten years old. She battled this terrible disease for 11 months and passed away in August 2018. Our family was surrounded by friends and a community that loved and supported us in thousands of ways over hundreds of days. Not every family is so fortunate and that's where our family, our Army, can fill in the gaps. As a 501(c)3 non-profit organization, we are able to relieve some of the financial hardships facing diagnosed families which allows them more time to spend with their child. Those days we were able to spend with Aubreigh are memories we will cherish forever.

The Board of Directors of Aubreigh's Army Foundation 328, which includes local business owners, community helpers, and accomplished physicians, is committed to raising awareness for DIPG and generating revenue to fund new research and trials. For the first time since this disease was discovered, researchers are hopeful they are on their way to finding a cure for this deadly brain cancer and that's largely due to improved technology, access to tumor tissue, and directed funding. As a sponsor of our Lemon Face Gala, you will be part of our Army - supporting these researchers and physicians as they continue to fight for a cure for these children.

Our own AAF Medical Advisor, Dr. Felicia Wilson, will share some of the new developments for treatment and Keith Desserich will share an update from the DIPG Collaborative, our partner in finding a cure, while guests enjoy our signature spirits and dining selections prepared by a favorite local chef. We anticipate upwards of 300 guests for this year's event, most of which are local to south Alabama and the gulf coast. Our support network is humbling as it ranges from business owners and community leaders to families personally impacted by this devastating disease, and everyone in between.

We invite you to review the enclosed sponsorship opportunities and consider being part of this annual event. We look forward to getting to know more about you and your business or organization and we are forever grateful for your support of Aubreigh's Army Foundation 328.

Sincerely,

Jay & Brooke Nicholas
